B. Use of Estimates in the Preparation of the Financial Statement

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by daily pro rata methods for direct business and are based on reports received from ceding companies for reinsurance. Written premiums on all policies are recorded on an installment basis as provided for in SSAP 53(4). Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable. In addition, The Company adheres to the following accounting policies:

- (1)

Short-term investments are stated at amortized cost.
- (2)

Bonds not backed by other loans are reported at amortized cost using the effective annual yield method.
- (3)

Common stocks are stated at market value.
- (4)

The Company holds no investments in preferred stocks.
- (5)

The Company holds no mortgage loans on real estate.
- (6)

Loan-backed securities are reported at amortized cost using the effective annual yield method including anticipated prepayments at the date of purchase. Loan-backed securities that have experienced significant changes in estimated cash flows from the original assumptions are reported at amortized cost using estimated annual yield method on a prospective basis.
- (7)

The Company is a wholly owned subsidiary of New Mexico Mutual Casualty Company, a licensed insurer domiciled in the State of New Mexico. The common stock is valued by its parent using the statutory equity method in accordance with SSAP No. 46.
- (8)

The Company has no investments in joint ventures, partnerships or limited liability companies.
- (9)

The Company has no derivative financial instruments.
- (10)

The Company does not utilize anticipated investment income as a factor in its premium deficiency calculations.
- (11)

Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and an amount determined through actuarial analysis for the losses incurred but not reported. Although management believes that these liabilities are adequate, the ultimate liability may be in excess of or less than the amount provided. The methods used above and subsequent liabilities provided are continually reviewed and updated as necessary.
- (12)

The Company has not modified its capitalization policy from the prior period.
- (13)
